## A Tambourine is Born.

It's the brainchild of hand-crafting and technological research: The Grover™ Tambourine, featuring a quality calf head, tacked and glued for permanence to a solid hardwood shell, and treated with a sealant to ensure tautness.

What's more, the jingles are made of hand-hammered Beryllium-Copper, a unique alloy tested and developed by Grover™ Enterprises to produce the richest, most sonorous sound a tambourine has ever had.

We don't just build your tambourine, we create it.

**GROVER ENTERPRISES™**  
78 Hibbert Street Arlington, MA 02174

\* Jingles also available in German Silver, Phosphor Bronze, or a custom mix. Single or double row.

## "Double Bass Drum" Effects for Single Bass Drum

by **Bob Saydlowski, Jr.**

Double bass drum effects can be realized on a single bass drum set-up by using the floor tom as a second bass drum, alternating between drumstick and bass drum foot. The following patterns are examples of this idea:

### Key:

(R.H.) = right hand  
(L.H.) = left hand  
CYM = ride cymbal; SD = snare drum; FT = floor tom;  
BD = bass drum; HH = hi-hat

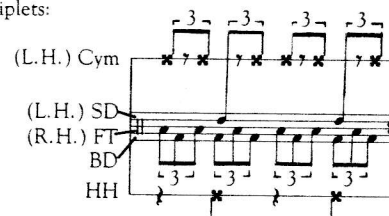

#### ① "Double BD" paradiddle:

#### ② "Double BD" with funk beat:

#### ③ "Double BD" triplets:

#### ④

**Bob Saydlowski, Jr.**, resides in Pittsfield, MA, and has been playing drums for 18 years. He has been involved in all styles of music from rock to jazz to pit band, and has toured with guitarist Joe Beck.
